20th Ramanujan Symposium
International Conference on Fourier Analysis and Wavelets

ICFAWL
Ramanujan Institute for Advanced Study in Mathematics (RIASM)
University of Madras, Chennai.

March 21-25, 2017

ABOUT THE INSTITUTE
The Department of Mathematics, University of Madras, started its research activity in 1927. Ramanujan Institute was started by Dr. Rm. Alagappa Chettiar in 1950 as a memorial to Srinivasa Ramanujan. During 1957 - 66, the Department of Mathematics and the Ramanujan Institute of Mathematics were functioning as two independent bodies under the University of Madras. In 1967, these two were amalgamated to form the UGC Centre for Advanced Study in Mathematics and named as the Ramanujan Institute for Advanced Study in Mathematics (RIASM). Our Institute has been receiving grants from UGC - SAP and NBHM.

ABOUT THE CONFERENCE
Fourier Analysis and Wavelets play an important role in many areas of Mathematics, Science and Engineering. The Conference will have Plenary lectures, Thematic Lectures, invited talks and also contributed papers. This International conference is meant to provide a platform for experts in Fourier Analysis and Wavelets to interact with each other and share their results and ideas. Also, it is aimed at giving some introduction and an overview of these areas to young researchers and graduate students.
