About the Institute

The Department of Mathematics, University of Madras, started its research activity in 1927. Ramanujan Institute was started by Rm. Alagappa Chettiar in 1950 as a memorial to Srinivasa Ramanujan. During 1957-66, the Department of Mathematics and the Ramanujan Institute of Mathematics were functioning as two independent bodies under the University of Madras. In 1967 these two were amalgamated to form the UGC Centre for Advanced Study in Mathematics and named as the Ramanujan Institute for Advanced Study in Mathematics (RIASM).

About the Conference

National Conference on Nonlinear Fractional Differential Equations (NCNFDE) aims to bring together the various research groups working with different backgrounds in the area of Nonlinear Fractional Differential Equations. This conference will provide a platform to discuss and exchange ideas for further research in the field of fractional differential equations.
