24th Ramanujan Symposium National Conference on Stochastic Modeling and Computational Techniques

NCSMCT-2021

Ramanujan Institute for
Advanced Study in
Mathematics
University of Madras,
Chennai, India.
March 24-26, 2021

About the Institute

The Department of Mathematics, University of Madras, started its research activity in 1927. Ramanujan Institute was started by Prof. RM. Alagappa Chettiar in 1950 as a memorial to Srinivasa Ramanujan. During 1957-66, the Department of Mathematics and the Ramanujan Institute of Mathematics were functioning as two independent bodies under the University of Madras. In 1967 these two were amalgamated to form the UGC Centre for Advanced Study in Mathematics and named as the Ramanujan Institute for Advanced Study in Mathematics (RIASM). Our Institute has been receiving grants from UGC-SAP, DST, SERB and NBHM.

About the Conference

National Conference on Stochastic Modeling and Computational Techniques (NCSMCT) aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results about all aspects of stochastic modeling. This conference will provide a platform to discuss the recent developments in the field of stochastic processes and review challenges faced by the community in the 21st century.
